F. Bacon Industriel distributes a **complete range of industrial, automotive and food-grade lubricants, metalworking fluids and metal finishing products** — including specialty high-temperature, PFPE/PCTFE, biodegradable and bio-based solutions. From our facility in Vaudreuil-Dorion, Quebec, we provide fast fulfillment and expert technical support, in English or French, across North America.

METALWORKING AND METAL FINISHING

MACHINING AND GRINDING

- Straight cutting oils; soluble and synthetic coolants
- Grinding and tapping fluids
- Halocarbon InfinX™ for hard alloys (Inconel®, titanium)

FORMING AND PROTECTION

- Stamping and forming lubricants; aluminum and copper wire drawing
- Rolling oils; powder metallurgy
- Rust preventives and corrosion inhibitors

METAL FINISHING

- Alkaline and acid cleaners; iron phosphate pretreatment
- Epoxy primers and isocyanate-free low-VOC finishes
- Complete system made in Canada, from wash to bake

INDUSTRIAL LUBRICANTS

HYDRAULIC SYSTEMS

- Mineral, synthetic and biodegradable fluids
- Fire-resistant and environmentally safe fluids
- Arctic-grade formulations
- High-pressure and high-VI options

GEAR AND TRANSMISSION

- Mineral and synthetic gear oils (open and closed)
- Standard, synthetic and food grades
- Universal tractor transmission fluids

CIRCULATING, COMPRESSOR AND TURBINE

- R&O and circulating oils; slideway oils (CNC)
- Compressor oils (screw, vane, piston) and vacuum pump oils
- Wind, steam, gas and hydro turbine oils

HIGH-TEMPERATURE AND SPECIALTY

- Synthetic ester and PFPE chain oils
- High-temperature greases and oils rated to 800 °F+

FOOD AND PHARMACEUTICAL GRADE

- NSF H1 / HX-1 certified oils and greases; 3H approved
- Kosher and Halal certified options; clean-room compatible

INDUSTRIES SERVED

- Aluminum and metals; aerospace; chemical
- Food and beverage; pulp and paper
- Semiconductor; textiles; nuclear; chlorine and oxygen

TRUSTED PARTNERS

LUBRIPLATE

Master distributor. NSF H1 food-grade and industrial lubricants.

KRYTOX™ (CHEMOURS)

Inert, nonflammable PFPE lubricants for extreme temperatures and chemical service. GPL, XHT and vacuum pump grades.

HALOCARBON

Official Canadian distributor. PCTFE oils, greases and waxes: oxygen, chlorine, cryogenics, semiconductor, ultra-high vacuum.

STONER (TRASYS®)

TraSys® mold releases and mold cleaners for rotational molding, rubber and plastics.

AERVOE

Industrial aerosols: paints, lubricants, cleaners and marking products.

MOLYKOTE (DUPONT)

Anti-seize and assembly pastes, specialty greases and dry-film coatings.

PARTNERS AND SERVICES

LINCOLN / SKF

Centralized automatic lubrication systems, pumps and injectors: supply, installation and support.

TRICO®

Constant-level oilers, breathers and oil sampling for preventive maintenance.

KEM-A-TRIX

Local manufacturer. Soap-free grease gels, food-grade and industrial oils, and injectable shaft seals.

CREOCHEM

Local manufacturer. Gear, hydraulic, turbine and compressor oils; custom blending and private label.

MACNAUGHT

Grease guns, oil and grease pumps, dispensing handsets, hose reels and flow meters.

TECHNICAL SERVICES

- Cross-references and equivalents, all brands
- Consultation, plant surveys and bearing analysis
- Repackaging into cartridges, pails or drums
- Lubrication system design, supply and support
- Samples, SDS and data sheets on request

ALSO DISTRIBUTING

- Bostik threadlockers and anaerobic sealants — 1:1 Loctite equivalents
- Adhesives, sealants and gasketing compounds
- Hydraulic hoses, fittings and assemblies (Parker, etc.)
- Pipe joint lubricants — ductile iron, PVC and PE
- Copper conductive and assembly greases
- Chainguard — food-grade chain and oven lubricants
- Chemours Vertrel™ XF cleaning solvents
- Specialty solvents, degreasers and cleaners
- Ultrasonic cleaners and cleaning solutions
- DOWFROST and DOWTHERM heat-transfer fluids (authorized distributor)
- Silica gel — moisture control
- Rubber anti-tack agents; graphite lubricant

OUR NEW WEBSITE IS LIVE
