Material Safety Data Sh	eet		
Krytox <sup>®</sup> 280 Series Greases			
Version 2.3			
Revision Date 04/23/2010	Ref. 15000002930		
This SDS adheres to the stand	ards and regulatory requirements of the United States and may not meet the regulatory		
requirements in other countries			
SECTION 1. PRODUCT AND	COMPANY IDENTIFICATION		
Product name	: Krytox <sup>®</sup> 280 Series Greases		
Product Grade/Type	: 280: AB, AC		
MSDS Number	: 15000002930		
Product Use	: Lubricant		
Manufacturer	: DuPont		
	1007 Market Street Wilmington, DE 19898		
Product Information	-		
Medical Emergency	<ul> <li>: 1-800-441-7515 (outside the U.S. 1-302-774-1000)</li> <li>: 1-800-441-3637 (outside the U.S. 1-302-774-1139)</li> </ul>		
Transport Emergency	: CHEMTREC: 1-800-424-9300 (outside the U.S. 1-703-527-3887)		
Other information	: professional use		
SECTION 2. HAZARDS IDENT	TIFICATION		
Emergency Overview			
	tion vapours of fluorinated polymers may cause polymer fume fever with flu-like specially when smoking contaminated tobacco. Repeated episodes of polymer fume		
fever may result in persi			
Potential Health Effects			
Skin	: May cause: slight irritation, Redness.		
Eyes	: May cause eye irritation. Discomfort, tearing, Blurred vision.		
Carcinogenicity			

None of the components present in this material at concentrations equal to or greater than 0.1% are listed by IARC, NTP, or OSHA, as a carcinogen.

# QU POND.

# Krytox<sup>®</sup> 280 Series Greases

Version 2.3

Revision Date 04/23/2010

Ref. 15000002930

#### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Component	CAS-No.	Concentration
Perfluoropolyether		75 - 80 %
PTFE		20 - 25 %
Sodium nitrite	7632-00-0	1 - 3 %

## SECTION 4. FIRST AID MEASURES

Skin contact	:	Wash with water and soap as a precaution.
Eye contact	:	Rinse with plenty of water. If eye irritation persists, consult a specialist.
Inhalation	:	Move to fresh air in case of accidental inhalation of fumes from overheating or combustion.
Ingestion	:	Never give anything by mouth to an unconscious person. DO NOT induce vomiting unless directed to do so by a physician or poison control center.
General advice	:	When symptoms persist or in all cases of doubt seek medical advice.

#### SECTION 5. FIRE-FIGHTING MEASURES

Flammable Properties Flash point	: does not flash
Thermal decomposition	: 300 °C (572 °F)
Fire and Explosion Hazard	: In fire conditions, toxic decomposition products may be formed. (see also section 10)
	2/7

## Krytox<sup>®</sup> 280 Series Greases

Version 2.3

Revision Date 04/23/2010	Ref. 15000002930
Suitable extinguishing media	: The product itself does not burn. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
Firefighting Instructions	: Wear self-contained breathing apparatus (SCBA). Wear suitable protective equipment. Standard procedure for chemical fires.
SECTION 6. ACCIDENTAL RELEA	
	MEASURES and HANDLING (PERSONNEL) sections before proceeding with clean- L PROTECTIVE EQUIPMENT during clean-up.
Spill Cleanup	: Shovel into suitable container for disposal.
Accidental Release Measures	: Prevent material from entering sewers, waterways, or low areas.
SECTION 7. HANDLING AND STO	RAGE
Handling (Personnel)	<ul> <li>Avoid breathing vapors from overheated material. Do not store or consume food, drink or tobacco in areas where they may become contaminated with this material. General industrial hygiene practice.</li> </ul>
Storage	: No special storage conditions required. Keep container closed to prevent contamination.
	No decomposition if stored and applied as directed.
SECTION 8. EXPOSURE CONTRO	DLS/PERSONAL PROTECTION
Engineering controls	: In the event that the polymer is heated above 300 ℃ (572 F) local ventilation should be used to avoid exposure to fumes.
Personal protective equipment Respiratory protection	: No personal respiratory protective equipment normally required. In the case of hazardous fumes caused by overheating, wear self-contained breathing apparatus.

sion 2.3	
sion Date 04/23/2010	Ref. 15000002930
31011 Date 04/25/2010	
Sensitisation	: Animal test did not cause sensitization by skin contact., guinea pig
Further information	: The toxicological data has been taken from products of similar composition.
Perfluoropolyether Mutagenicity	: Did not cause genetic damage in cultured bacterial cells.
Sodium nitrite	
Mutagenicity	: Experiments showed mutagenic effects in cultured bacterial cells. Tests on mammalian cell cultures showed mutagenic effects. Caused genetic damage in animals.
Teratogenicity	: Animal testing showed effects on embryo-foetal development at levels below those causing maternal toxicity. Has been reported to cause:
	Reduced embryo-foetal viability Reduced growth Active ingredient
<b>TION 12. ECOLOGICAL INFORMA</b> Aquatic Toxicity Perfluoropolyether 96 h LC50	Reduced growth Active ingredient

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text. Significant change from previous version is denoted with a double bar.
